01 .

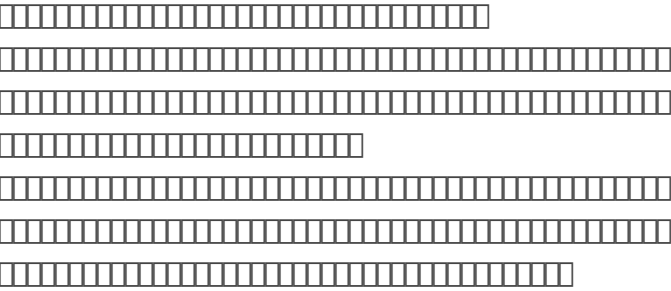

Figure 1 consists of two horizontal bar charts, one for 2015 and one for 2030. Each chart has a horizontal axis representing the number of children per woman, ranging from 0 to 10. The vertical axis represents the percentage of women. The 2015 chart shows a distribution where the majority of women have 2 children, with a smaller percentage having 1 child and a very small percentage having 3 children. The 2030 chart shows a significant shift, with the majority of women now having 1 child, and a much smaller percentage having 2 children. The percentage of women having 0 children has also increased slightly.

Number of Children	2015 (%)	2030 (%)
0	~1	~3
1	~15	~55
2	~55	~35
3	~1	~1
